*If, on the basis of the responses provided in the MiFID Questionnaire, the Brokerage House has assessed the Client's knowledge and experience as inadequate in respect of derivatives, and the Client nevertheless maintains the intention to conclude an Agreement for the provision of services consisting in the execution of orders to purchase or sell derivatives (hereinafter: the "**Agreement**"), the Brokerage House hereby reminds the Client that they should refrain from taking investment decisions in this respect. Transactions involving derivatives make use of the mechanism of financial leverage, which, in the event of adverse price movements, entails the risk of incurring significant losses, including losses exceeding the amount invested.*

§ 1

1. The Brokerage House undertakes towards the Client to execute orders for the purchase or sale of derivatives and to provide, on the basis of the Client's orders and instructions, other services related to derivatives, as specified in the "Rules and Regulations for the Provision by Noble Securities S.A. of Brokerage and Dealing Services and for the Maintenance of Securities and Cash Accounts (hereinafter: the "**Rules and Regulations**").

3. This Agreement shall be valid only together with the Brokerage and Dealing Services Agreement.
4. The Brokerage House grants the Client the status of a retail client. The rules governing client categorisation and the procedures for changing a Client's category are available on the Brokerage House's website and at its Branch Offices.

§ 2

The Client declares that they are aware of the high investment risk associated with trading in derivatives and acknowledge not only the possibility of losing all of the capital invested but also, due to the embedded financial leverage mechanism, the potential to incur a loss exceeding the margin deposited. The Client is aware that decisions concerning the execution of specific transactions rest solely with them. Neither the Brokerage House nor its employees shall be held liable for any investment decision made by the Client. The Client declares that their financial situation enables them to meet all obligations arising from this Agreement.

§ 3

1. The maximum number of open derivative positions that the Client may hold simultaneously is _____. The Brokerage House may determine that the limit of open derivative positions granted to the Client constitutes a limit applicable to all derivatives or separately to individual types or classes of derivatives, with the possibility of

differentiating such limits. At the Client's request, the Brokerage House may increase the maximum number of simultaneously open derivative positions, and such change shall not require an amendment to this Agreement.

2. The Client is assigned the following Client Classification Number (CCN): _____.
3. Under the Agreement, the Brokerage House may record derivatives in more than one Client portfolio.
4. The opening of additional portfolios shall require the execution of a separate statement to the Agreement.

1. The Client shall pay and maintain on the Account a margin deposit in accordance with the conditions specified in the Rules and Regulations.
2. The Client shall maintain a margin deposit at a level not lower than that determined by the Brokerage House. If the Client's margin deposit falls below the level required by the Brokerage House, the Client shall replenish it to the required level within the time limit specified in the Rules. The Brokerage House shall have the right to close open positions or cancel previously submitted orders if the margin deposit remains below the required level.
3. If, as a result of the settlement of derivatives, a debit (negative) balance arises on the cash account, the Client may be charged statutory interest on the amount of the outstanding obligations not repaid on time.

§ 5

For the services provided, the Brokerage House shall charge fees and commissions in accordance with the Rules and Regulations, and the Table of Fees and Commissions (hereinafter: **the "TFC**").

§ 6

1. The Client grants the Brokerage House a power of attorney to perform all factual and legal actions specified in this Agreement, the Rules and Regulations, and the Table of Fees and Commissions (TOFC), under the terms set out therein, in particular to:
   a) submit, cancel, modify and execute orders for derivatives on the basis of and in accordance with, the orders placed by the Client pursuant to this Agreement and the Rules and Regulations, as well as to perform all actions related to their execution;
   b) perform any actions necessary for the fulfilment of the Client's obligations arising from orders placed by the Client concerning derivatives, in particular actions aimed at replenishing margin deposits, closing the Client's open positions and exercising other rights set out in the Rules and Regulations;
   c) satisfy any due claims of the Brokerage House against the Client, in a manner chosen by the Brokerage House, from any of the Client's assets deposited with the Brokerage House, in particular by withdrawing funds from the Client's cash accounts and by selling financial instruments;
   d) block financial instruments and cash registered on the Client's Accounts in order to secure the Brokerage House's claims.
2. The power of attorney granted authorises the Brokerage House to grant further powers of attorney, in particular to employees of the Brokerage House.
